****Additional $20 fee for anyone wanting CE credits****

Audience: Counselors, School Psychologists, Program Specialists and Therapists

Content: The ERMHS assessment process has been a focal point of discussion in California school districts over the past several years. Developing a comprehensive and defensible assessment requires accurate data collection, interviews, assessment measures and methodical recommendations. Whether your district utilizes a multidisciplinary approach or a stand-alone/single disciplinary report, this training will equip participants to take into consideration the student's social/emotional/behavioral needs, the review and importance of incorporating existing reports to synthesize the information and generate recommended relevant accommodations, ERMH services and school placement options. The planning, coordination, and organizational methods will further define best practices for Riverside County SELPA school districts.

Outcomes: Participants will:

1. Strategically plan components of the ERMHS assessment to draft a defensible ERMHS report
2. Identify the stakeholders in the student's support provider network to interview and incorporate in the ERMHS report
3. Identify which measures/instruments to utilize for the ERMHS assessment
4. Develop a rationale for organizing the necessary components of an ERMHS report
5. Review and Evaluate a comprehensive ERMHS Report
