

ALTERNATIVE DISPUTE RESOLUTION BEGINS WITH THE IEP

Alternative Dispute Resolution starts long before a conflict might arise. In fact, it starts from the initial point of contact with the family.

This two hour professional learning opportunity will give participants tips on how to use effective communication strategies to build positive relationships with families, and will provide them with resources to assist them throughout the ADR process. This is a one day session that is being offered on July 31, 2024 and August 21, 2024.
