Riverside County SELPA
Data Governance Meetings
2021 – 2022 Meeting Schedule
Meetings are split into 3 Virtual meetings
and 4 In-Person meetings
Virtual meetings will be from 9:00 a.m. – 11:00 a.m.
In-Person meetings will be from 9:00 – 1:00 p.m.

The Data Governance meetings will continue to focus on data – Data Quality, Data Submissions, etc. – and the changes and updates to the systems we use to create and report that data. The structure of the meetings will be different than in previous years. In September, January, and April, these will be 2-hour virtual meetings where we concentrate on communicating any updates, changes, or new information regarding SpEd data. In October, November, May, and June, when we are actively working on a CALPADS data report, the meetings will be in-person for four hours. These meetings will be structured as workshops intended to assist **LEA data teams** with ensuring they have quality data in CALPADS for reporting. The LEAs will be responsible for bringing any problems or issues to discuss during the meeting work time.
