

Linguistically Appropriate Goals

CONTENT OVERVIEW:

This professional development session focuses on writing linguistically appropriate goals (LAGOS) within the IEP process to support English learners with disabilities (ELSWD). Participants explore how to align goals with California English Language Development (ELD) Standards and ELPAC performance levels while addressing each student's individual disability-related needs.

KEY TOPICS INCLUDE:

- Understanding the intersection of language proficiency and special education services
- Developing measurable, linguistically responsive IEP goals that promote both language acquisition and academic growth
- Applying linguistic supports and accessibility resources to ensure equitable participation in the general education curriculum
- Reviewing case studies (e.g., “Armando”) to practice drafting LAGOS that integrate English language development with identified areas of need
- Utilizing state guidance and tools, such as the California Practitioners’ Guide for Educating English Learners with Disabilities
